

Looking for that great book you never want to end?

Your search is over.

An ordinary man is about to give the love of his life the most extraordinary gift anyone can give: The chance to live on her own terms, even though time may not be on her side.

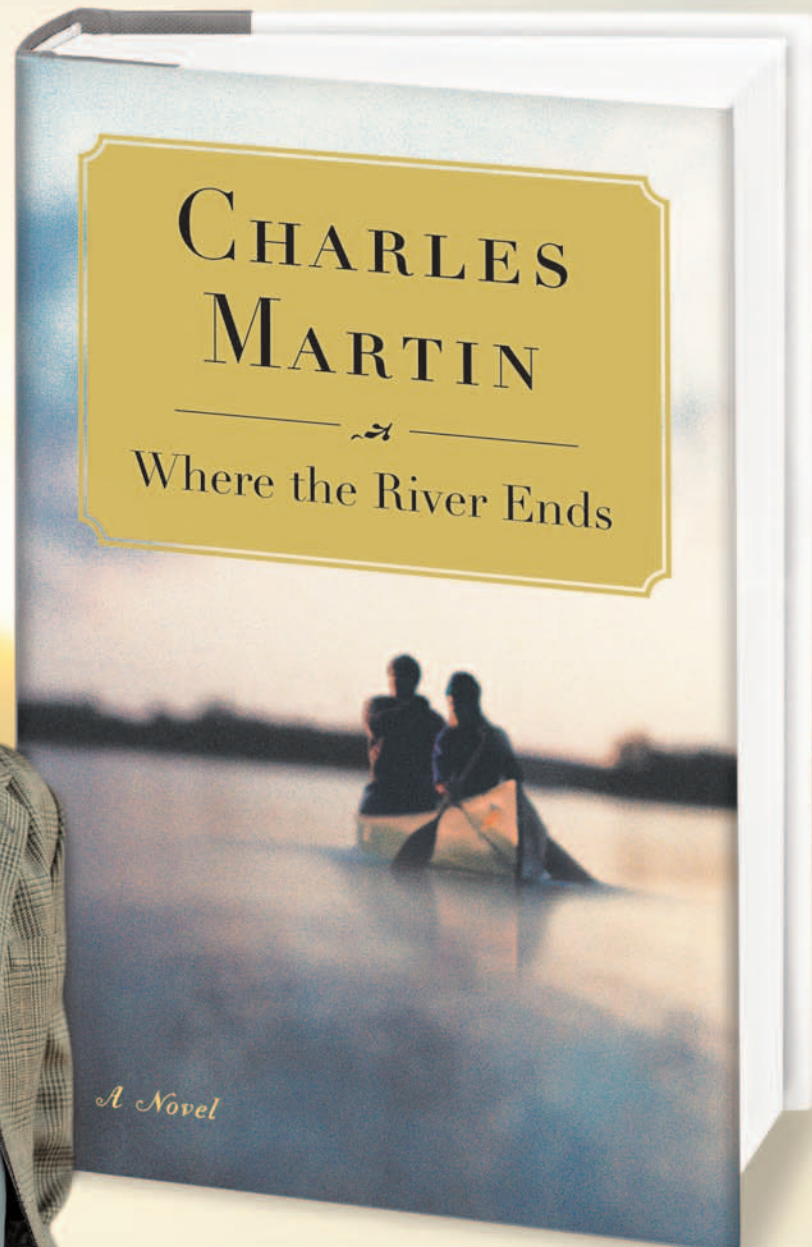

Set against the beauty of Charleston and the unpredictable waters of the St. Mary's, Charles Martin's moving new novel shows us a love that is as deep and eternal as the river itself.

**"In the tradition of
Robert James Waller,
[author of *The Bridges
of Madison County*]
Charles Martin
has fashioned a
heartbreaking story."**
